Ivor Searle adds 2.2-litre Land Rover diesel unit to engine range

Costing up to 40 percent less than OE; next-day delivery available

 Gavin Braithwaite-Smith  July 20, 2023  Comments Closed  0 likes

Remanufacturer Ivor Searle has added the 2.2-litre diesel engine for the Land Rover Freelander, Land Rover Discovery Sport and Range Rover Evoque to its all-makes range of major units.

Ivor Searle is constantly adding to its extensive programme of engines, gearboxes and turbos for cars and vans which covers over 90 percent of the UK's vehicle parc.

The newly-added four-cylinder direct injection engine covers 150bhp and 190bhp versions of the Freelander built from 2010 to 2015 and Discovery Sport models manufactured between 2014 and 2015.

First-generation versions of the Evoque compact SUV produced from 2011 to 2015 are also covered by the new application. Costing up to 40 percent less than OE, the latest addition to the Ivor Searle engine range is suitable for both front-wheel drive and 4x4 derivatives of the Freelander, Discovery Sport and Evoque,

Built to exceed the BS AU257:2002 Code of Practice for remanufacturing engines, all Ivor Searle engines are covered by a 12-month unlimited mileage parts and labour warranty.

Ivor Searle also offers free next-day UK mainland delivery for stock items ordered before 3.30pm.
